IX. GM Report (20 min)

- a. GM Monitoring: Discuss and vote whether to accept GM's Policy Compliance Reports

- a.1. A: Ends

Motion made and seconded that the board finds that Jeffrey is compliant with our ends policy given reasonable expectations for his conduct as described in the policy.

Discussion: This time last year, the coop was not part of the NCG. Our promotions program was inadequate, and we didn't accept coupons. In one year, we have joined NCG, have new promotions program Co+op basics and Co+op deals, coupons, and explorers. This has reduced the prices for everyone at the coop. This has helped with the price imaging. Increase in access to food of the average consumer. Breadroot farmers market today. Each local vendor is a person that coop staff have a personal relationship with. Peggy from Cedar Creek was dropping off eggs this morning. Jeffrey and Peggy have seen their businesses grow together. Donated 10,000 to Feeding South Dakota (half of which was a match from the coop). She's Nuts is not local anymore as production and the owner have moved out of state.

Need education to expand as outreach to members. 1-2% of projected net income is supposed to be directed toward member education. Hope to see a lot more in that area in the future now that we are projected to have net income. May consider providing support and encouragement to local food production.

Above motion was approved by unanimous vote

- a. GM Operational Activities Report (includes construction update, status of major projects, staff status, NCG Implementation, coronavirus updates) Jeffrey discussed construction progress, movement of closures to the other side of Omaha street. Jeffrey was recently on the local news.
- b. Membership application review (follow up from last two months) Motion that the board certify the results of the vote that took place via Freedamp concluding on this date to approve the member applications for 2020 Q1. Approved, unanimous.

- X. Board Calendar & Education (20 min)
- a. Elect board secretary Pam Bonar was nominated, and a motion was made and seconded to install her as board secretary. Motion carries by unanimous vote. Discussed preference for phone or zoom meeting in committee meetings.
  - b. This month's board education: Review and update committee charters, clarify director & officer roles. Discussed importance of this, began discussion of when it might happen.
  - c. Finance key indicator review: Expenses Had a short discussion of what expenses are and why we track them. Discussed budgeting, cash flow, and ways to control expenses. Discussed history of lack of a budget at the coop. Discussed that as we grow, we should make sure even more that cash is used wisely.
  - d. Certify 2019 evaluations of GM and board performance (to be included in board packet) Approved
  - e. Board Monitoring: Discuss and vote whether to accept the board as in compliance with policy C5: Code of Conduct

Discussed notes listed at the bottom of the current version of this policy as being made due to changes to the bylaws (specifically to the code of conduct). Dowell asked for the bylaws changes and added the comments listed in the current version of this policy because some legacy board members who were regularly wanting to ignore policy governance and not use the policy register. Dowell moves that we drop the note as we do not need that reminder at this time and it is somewhat confusing.

Dowell offers a motion that the board finds itself to not be in compliance with policy C5 until new directors complete the conflict of interest statement disclosing any possible business conflicts or certifying that there are none. Motion passes with unanimous vote.

The board requests that Jeffrey send the new members a conflict of interest statement that can be completed/signed digitally and returned to him.
