

I am seeking a position on the Board of Directors so that I may use my skill sets in community service, as well as customer service, to advance the mission statement of the Breadroot Co-op here in Rapid City.

As a full-time member of the staff, I feel that I am capable of providing unique insights regarding the needs of the guests of the store, as well as the needs of the employees. The staff and management of Breadroot have been among some of the finest I've ever had the pleasure to work with. As a Board Member I would make it my stalwart duty to serve them with integrity and honor.

From my perspective, the most important issues currently facing Breadroot are procuring a storefront that can effectively meet the needs of the community given the consistent growth the store is experiencing and using local vendors to subvert outages of product from national distribution networks. If we work with our neighbors more, more of the profits will stay within South Dakota and Rapid City.
