

BOARD BIO

ALSTON LOPER

I feel lucky to be serving on the board of an organization that gives so much to our community. Breadroot fosters a resilient local economy and promotes ethical food systems while existing as a hub where people connect around food, sustainability, and shared values. As a farmworker and owner, I understand that the Co-op is an integral part of supporting local farms and our overall local food economy. I am grateful for the opportunity to serve and contribute to the community and food systems work here at Breadroot.

In cooperation,
